

Principles into Practice

Transform your team's performance by mastering After Action Review (AAR)

WHY THIS WORKSHOP MATTERS

Imagine a workplace where every project—whether a triumph or a challenge—becomes a stepping stone to greater success. AAR is the proven method that top-performing organizations use to embed learning, boost collaboration, and accelerate results. This workshop is your gateway to that advantage.

WHO SHOULD ATTEND?

- Leaders and managers building high-performing, open cultures
- Quality and safety leads focused on risk mitigation
- Rapid-growth businesses needing agile adaptation
- HR and OD professionals driving engagement and change

INCLUDED

- Pre-workshop reading to set the stage
- 3-hour live, interactive session packed with real-world examples
- Post-workshop digital resource pack for ongoing success
- A verified digital credential to showcase your expertise

WHY CHOOSE US?

Led by Judy Walker, a global authority on AAR with decades of experience, this workshop is interactive, practical, and tailored to today's business challenges. Participants consistently leave with the confidence and skills to introduce, facilitate, and sustain AARs that transform performance.

WHAT YOU'LL GAIN

- **Clarity & Confidence:** Learn the five essential components of AAR and how to lead sessions that inspire honest reflection and real change
- **Practical Expertise:** Discover how AAR differs from Agile, lessons learned and traditional debriefing and why it's the perfect fit for modern teams
- **Future-Ready Skills:** Understand why AAR is the ultimate tool for adaptability in the 21st-century workplace
