

Work into Wisdom

Master advanced facilitation to turn everyday work into organisational wisdom

WHY THIS WORKSHOP MATTERS

Do you want to create conversations that truly matter? This workshop equips you with the Five Switches of Advanced Facilitation—powerful techniques to build psychologically safe, honest dialogue that transforms After Actions Reviews about daily work and exceptional projects into lasting organisational knowledge.

WHO SHOULD ATTEND?

- Leaders and managers building high-performing, open cultures
- Quality and safety leads focused on risk mitigation
- Rapid-growth businesses needing agile adaptation
- HR and OD professionals driving engagement and change

INCLUDED

- Pre-workshop reading to set the stage
- 3-hour live, interactive session packed with real-world examples
- Post-workshop digital resource pack for ongoing success
- A verified digital credential to showcase your expertise

WHY CHOOSE US?

Led by Judy Walker, a global authority on AAR with decades of experience, this workshop is interactive, practical, and tailored to today's business challenges. Participants consistently leave with the confidence and skills to introduce, facilitate, and sustain AARs that transform performance.

WHAT YOU'LL GAIN

- Proven techniques to make conversations more honest, productive, and psychologically safe
- Advanced listening and observation skills to uncover insights others miss
- Scenario planning so you're prepared for any challenge
- Skills to harness the power of diverse networks ('weak ties') to spark innovation
